

Town of Enfield Comprehensive Plan Committee Minutes
November 19, 2014 - Enfield Community Building

1

Attendees: Nancy Spero, Poney Carpenter, Dan Walker, Becky Simms, Beth McGee

We went over the Goals and Actions in the draft of our Land Use section. We determined that we can move forward and build the draft narrative that describes the current conditions in the Town that necessitate these Goals and Actions that have been accumulated from the Draft plan, survey, and committee input.

We determined we will meet on the following dates:

Thursday, December 11th at 7:00 pm
Wednesday, January 21st at 7:00 pm
Wednesday, January 28th at 7:00 pm

Next Tasks for the group:

Whoever would like to write narrative pieces that **describe the current conditions in the Town of Enfield that we have discussed that have determined our Goals and Actions**, please do. If you'd like to take a stab at all of them, terrific! If there are particular ones that speak to you that you'd like to build some dialog around, that's fine too. These pieces should be free of opinion and based on the information in the Draft Comprehensive Plan, the community survey, and the notes we've taken throughout our process that reside on the Google Drive.

If you include statistical information or information gleaned from resources we've obtained, please include summaries of information found in reference material, and not items cut and pasted from reference material.

Please begin submitting these pieces via email to the group so we can all have a sense of what's been written and be prepared to discuss them at the meeting on January 21st.

We won't be editing at the January 21st meeting, but rather, we will discuss everyone's contributions and determine which pieces (or parts of them) that have been written will be included or omitted in the Land Use section. We will then determine if there's more needed.

After we've determined this, that work will be put together in our section draft.

When we meet again on January 28th, we will set the Land Use section aside to begin work on another section. We will determine which section this will be at our December

11th meeting when we discuss which sections should be included in the entire plan and if there's anything missing.

So, to recap-

- Begin writing if you'd like your input included in the draft.
- Submit these to the group via email by January 7th at the latest
- Meet Dec. 11th to discuss the entire plan, which sections to include, what's missing (please come prepared to discuss this topic)
- Meet January 21st to discuss the written pieces and select those to include (please come prepared to discuss this topic)
- Meet January 28th to begin work on next section
