THIS AGREEMENT (the "Agreement") is deemed made and effective as of the 1st day of January, 2018, by and between the TOWN OF ENFIELD, as located in Tompkins County, New York (hereinafter, the "TOWN"), and the ENFIELD VOLUNTEER FIRE COMPANY, INC., a special not-for-profit corporation organized under the laws of the State of New York, of the Town of Enfield, Tompkins County, New York (hereinafter, the "FIRE COMPANY") (the TOWN and the FIRE COMPANY are sometimes referred to as the "Parties", and the use of the term "TOWN" shall include the boards, elected officials, appointed officials, employees, and agents of the TOWN, wherever the context so permits or allows).

PREAMBLE AND AGREEMENT

WHEREAS, there has been duly established a fire protection district which includes the entire geographic territory of the Town of Enfield; and

WHEREAS, the FIRE COMPANY has proposed to provide fire protection, rescue, and first aid (collectively referred to herein as "Fire Protection Services") to the TOWN for the term and for the compensation set forth below; and

WHEREAS, following a public hearing duly held as provided for in Town Law §184, the TOWN is hereby duly authorized to contract with the FIRE COMPANY for fire protection services and emergency service in case of accidents, calamities or other emergencies in the Town of Enfield; and

NOW, THEREFORE, and in consideration of the mutual promises and covenants contained herein, the TOWN and the FIRE COMPANY hereby agree that the terms and conditions of this Agreement shall govern the agreement between the parties, and the parties thus and further agree as follows:

SERVICES AND TERMS

1. The FIRE COMPANY shall promptly respond to calls for attendance at any fire, for any medical emergency, and for any life-threatening emergency event occurring in the Town of Enfield. "Respond" shall mean a verbal or other communicated response plus attendance thereat in person.
2. The FIRE COMPANY shall, when notified by any person or entity, including but not limited to the Tompkins County 911 Center, that there is a fire, medical emergency, or life threatening emergency occurring in the Town of Enfield: (i) respond and attend without delay, with suitable equipment, apparatuses, and personnel, including where required suitable fire pumping and hose apparatus with qualified and trained personnel; (ii) proceed with diligence to make every reasonable effort to extinguish said fire and prevent the loss of life and/or property in the case of fire, and to act and react appropriately to attempt to prevent the loss of life and further injury in the case of emergency.
3. The FIRE COMPANY shall keep and maintain in good repair and working order suitable and adequate fire-fighting apparatus, together with all other necessary fire-fighting tools, implements, equipment, and emergency service equipment to properly discharge its obligations pursuant to this Agreement.
4. The FIRE COMPANY agrees to supply the services of trained and equipped firefighters and emergency medical personnel, utilizing mutual aid when necessary. If ambulance services are provided the FIRE COMPANY will utilize only operators and providers with current Ambulance Service Certificates who are in compliance with Public Health Law Article 30. The FIRE COMPANY shall not be responsible for fire inspections in the Town of Enfield pursuant to this Agreement.

5. The TOWN acknowledges that the FIRE COMPANY is a member of the Tompkins County Mutual Aid network and that, in the event that fire-fighting apparatus and personnel of the FIRE COMPANY are committed or unable to respond, the FIRE COMPANY and the Tompkins County 911 Center shall arrange fire protection for the Town of Enfield.

6. The Parties agree that if the FIRE COMPANY shall willfully fail to respond to alarms or fulfill and perform its duties and obligations under this Agreement without a compelling cause and reasonable explanation at any time during the duration of this Agreement, or if at any time the FIRE COMPANY notifies the TOWN that it does not intend to perform its duties for any period of time, the TOWN may allot and pay to another fire company or qualified recipient (for furnishing fire protection and services to the TOWN) a pro-rated portion of any part of the monies due or to become due under this Agreement for the period for which such service is rendered. In the event that monies have already been paid to the FIRE COMPANY for the period involved, the FIRE COMPANY shall refund to the TOWN the full amount of unearned money on a pro-rata basis for each day of failure to provide service. The intent of this paragraph is not to prohibit the temporary coverage of other districts per the Mutual Aid network, which may happen from time-to-time.

7. The Parties agree that it is not their intention that this Agreement cover the costs and expenses incurred by the FIRE COMPANY in responding to spills or other emergencies involving hazardous materials, but rather that the FIRE COMPANY may be separately reimbursed by the TOWN for any such costs of responding to a hazardous materials emergency from money which the TOWN may be able to obtain from other sources, including but not limited to SEMA and FEMA. In the event of a hazardous materials incident, the TOWN agrees to attempt to collect any funds as may be reasonably available for or recoverable in relation to such incident, and to pay the same over to the FIRE COMPANY in reimbursement of the FIRE COMPANY's expenses, but only so long as permitted by the grant terms or by law, and not prohibited by the authority disbursing such funds. However, in the event that the TOWN is unsuccessful in collecting funds for such an incident, or is not permitted to pay over any money so received, the Parties agree to meet to reasonably determine what recompense is owed to the FIRE COMPANY for such services as provided. Provided, however, that nothing in this Agreement shall limit or restrict the FIRE COMPANY from seeking direct reimbursement for such expenses under Navigation Law § 181, or under other state or federal statutes and regulations or otherwise.

8. The TOWN agrees that it will obtain, keep and maintain a Volunteer Firefighter's Benefits Law insurance policy and coverage for all members of the FIRE COMPANY, at its expense, pursuant to VFBL § 30 for the duration of this Agreement. In addition, consistent with recent amendments to General Municipal Law § 205-CC providing certain cancer compensation coverage to certain defined "eligible volunteer firefighters," the TOWN agrees to procure and carry such coverage, or reimburse for the reasonable cost of the same, in accord with the requirements of such law.

9. The TOWN agrees that all money paid hereunder shall be a charge upon the fire protection district, shall be assessed and levied upon the taxable property in the Town of Enfield, and shall be subject to collection with annually levied Town taxes.

10. Upon election of a new member by the Fire Company, the Fire Company secretary shall notify the Town Clerk in writing of such election, for the Town Board's final approval, by resolution, such election pursuant to Not-for-Profit Corporation Law 1402(b)(3).

11. FIRE COMPANY is responsible for its own payroll, social security, employment, and income taxes, as applicable.

12. The TOWN agrees that it will provide one locked mailbox, as provided for other departments and offices of the Town of Enfield for the term of this Agreement.

13. The TOWN agrees to provide, through the Town Highway Department and at the discretion of the Highway Superintendent as time, personnel and resources permit, snowplowing for the FIRE COMPANY premises, particularly as to the apparatus aprons and parking areas, for the term of this Agreement.

14. At all times the Fire Company shall keep on file in the Town Clerk's Office a current and updated version of its Corporate By-laws, its Code of Ethics and its Procurement Policies. Should any such policies be amended, changes, or replaced during the calendar year, updated versions of documents shall be filed with the Town Clerk within 30 days of such amendment, change, or replacement. In addition, and as required by recent amendments to the NYS Labor Law, including but not limited to § 201-g and such statute's implementing regulations and guidance, the FIRE COMPANY shall supply to the TOWN a copy of its compliant sexual harassment policy on or before December 31, 2018, and will thereafter supply the Town with any updated policies when and as amended, together with confirmation that annual training and related requirements have been duly met in accord with the law and such policy.
