

**Comprehensive Plan Meeting
Saturday, July 28, 2018- 9:00 AM
Enfield Community Building**

Planner, Matthew Johnston, reviewed the Comprehensive Plan Environmental and Built Environment sections.

The Environmental Section was discussed and wording changes were accepted for several areas. The Community Vision Statement title has been changed throughout the plan to “2050 Vision” to bring clarity to the purpose and perspective of the statement as from the future if the goals and actions in the Plan were implemented.

The Built Environment Section wording changes were discussed and many were accepted. It was determined that some items are better suited for the Land Use section only and were removed from the Built Environment Section due to duplication.

There was discussion of resources for maps, images, and the possibility of a graphic designer for the visuals we would like to see in the Plan.

Future meeting dates are:

Monday, August 6th- Town Hall- 6:30 PM
Tuesday, August 21st- Community Building- 6:30 PM
Tuesday, September 4th- Community Building- 6:30 PM
Tuesday, September 18th- Community Building- 6:30 PM

Meeting adjourned at 12:00 PM.
