## Enfield Youth Programs

# Fall Programs

Enfield Youth Programs offers free after-school and summer programs open to youth of Tompkins County, with priority given to Enfield Youth aged 10 and up. These programs are offered through a partnership between the Enfield Community Council and 4H of Cornell Cooperative Extension of Tompkins County.

We are currently enrolling for the first round of fall programs, following CDC and NYS Health Department Guidelines. These programs are run by our Program Manager, Eric Carter and take place at the pavillion of Living Waters Church (162 Enfield Main Rd.), unless otherwise noted.

### Outdoor Adventures: Connecticut Hill

**Tuesdays 4:00 - 6pm, September 22 - October 27** This fall we will host Outdoor Adventures in Connecticut Hill. Join us as we hike, build forts, explore creeks, and make campfires! And as always, there will be many tasty campfire treats along the way. Please note, no restrooms will be available, so please plan ahead. We will meet at the corner of Boylan and Hulford Roads please use the following link if you need directions:  
<https://goo.gl/maps/fr8cndGVhb4DYtWb9>

### Maker Space

**Wednesdays 4:00 - 6pm, September 23 - October 28** Learn about carpentry, basic blacksmithing, and even cast pewter and aluminum! Some Halloween projects are sure to come into the mix as well. Each week we'll pick a project to work on and try our hands at new skills. Have a project you would like to try out? Bring some ideas and we can make them happen.

### Video Game Galore: Online

**Thursdays 3:30 - 5pm, September 24 - October 29** Create your own world and play with friends in Minecraft, Roblox, and more! We will spend the first session getting everyone connected and deciding on some games. Then we'll get busy playing games in subsequent sessions. Have you been working on some new game that you would like to share? Let us know and we can all check it out together. A Zoom link will be sent after registration.

For more information and to register email Eric Carter at **EMC333@Cornell.edu**
